# BIM

## Bachelor of Information Management

### **COURSE INTRODUCTION:**

The Bachelor of Information Management (BIM) is a four-year eight-semester program of the Faculty of Management, Tribhuvan University offering integrated Information Technology and Management courses. This course is envisioned to enable students to develop skills in information technology, and then apply the theories and concepts of a broad, integrated curriculum covering computing, informatics, business fundamentals, and critical and analytical decision-making.

### **OBJECTIVES OF THE PROGRAM**

BIM program prepares IT professionals proficient in the use of computers and computational techniques in order to develop effective information systems to solve real-life problems in the organizational milieu.

It develops students' skills in object-oriented software design methods and data management systems. Moreover, it provides professional training to students by combining information technology with managerial skills.

## Bachelor of Hotel Management

The Bachelor of Hotel Management (BHM) program in Nepal offers a prestigious pathway to a thriving career in the hospitality industry. Being one of the top BHM colleges in Nepal, our institution provides a comprehensive education in a way to prepare students for success. Our BHM course covers a wide range of subjects, including hotel operations, food and beverage management, front office operations, housekeeping management, and event planning.

At our BHM college in Chitwan, we prioritize hands-on learning experiences and practical skill development. Our students have every opportunity to gain real-world exposure through internships and practical training in renowned hotels, resorts, and other hospitality establishments. This invaluable experience equips them with the necessary expertise and industry insights to excel in their careers.

## Student's Voice

At Aarambha College, I feel like I'm getting the best of both worlds: top-notch education and hands-on experience. The teachers here really know their stuff, to make learning fun and engaging. Plus, the facilities are amazing! I love getting to practice what I learn in real-life scenarios, whether it's in the hotel management labs or working with the latest tech in our HM classes. But what really sets Aarambha apart is the sense of community. Everyone is so supportive, and there's a real sense of belonging here. I'm confident that with the skills and knowledge I'm gaining, I'll be ready to tackle whatever comes my way in the hospitality or hotel industry.
